DP7 & DP18 Series Mobile proofers

“Superior *quality* product
at an *affordable* price !”

Mobile Proofers

FEATURING DP7 & DP18 Series

- Body construction of .063 aluminum, one piece extended base and solid extruded aluminum frame
- Removable stainless steel bottom power assembly for easy cleaning and maintenance
- Powerful, efficient even airflow heating system maintains the right combination of heat and humidity to proof properly
- Easy to read thermostat and humidity control
- Proofs from 90° F to 110° F (32° C to 43° C) with relative humidity up to 95 %
- Water catch pan: keeps area dry, safer
- Heavy duty 3” (7.6 cm) non-marking swivel casters (2 with brakes)
- Reinforced brushed aluminum doors (DP7AD & DP18AD) or thermos glass doors with heavy duty pull handles; standard with right hand hinges, left hand hinges upon request
- All construction is riveted and welded
- ETL approved
- One year parts and labor limited warranty

OPTIONAL

- Perimeter bumpers
- Push handle
- Corner bumpers
- 208V or 240V service

Mobile Proofers from Doyon

Doyon proofers provide uniform proofing from top to bottom with their unique even flow system. These units have been designed for small and medium production of bakery products. They come with solid state heat and humidity controls. It's the easiest way to proof!

Versatility: Croissants, bagels, pastries, breads, rolls and much more.
