

## **Edlund** Deluxe Baker's Dough Scale

Baker's now have a new choice in even balance dough scales with Edlund's Model BDSS. The only baker's dough scale available with stainless steel platters to prevent chipping and promote a more sanitary kitchen. When it comes to baker's scales, Edlund takes the cake. **Shown: Model BDSS**

Choose from either the deluxe or standard models, both available in 8 lb. or 16 lb. capacities. The standard model BDS design is a proven performer. Model BDSS incorporates all the features of the standard model plus stainless steel platters, poise and beam, and rubber footpads. Made in U.S.A.

*Both versions come complete with over-sized footed plastic scoop, counterweight and full set of measuring weights.*
