

SCOTSMAN

MODULAR ICE STORAGE BINS

SB480

SBX470

SBX215

VOLUME STORAGE – AMPLE ICE RESERVE

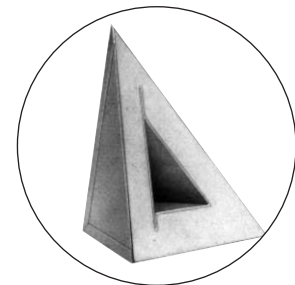

- Holds up to 380 lbs. per ARI standard 820-95.
- Horizontal design – low profile, fits where ceilings are low.
- Ideal storage companion for one or more Flake and Nugget Ice Machines.
- Expandable by adding bin extension.
- Stainless steel construction.

WARRANTY PROTECTION *See Dealer for complete warranty details.*

- 3 years parts and labor on all components.

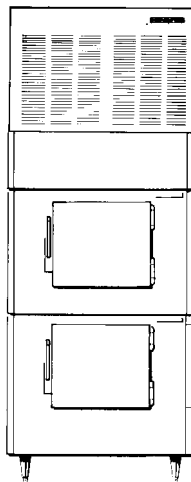

Bin includes 6" metal legs.

FULLY INSULATED CABINET

Foam insulation is forced between the wall and liner under heat and pressure to form a perfect wall to wall bond thus preserving ice supply for long periods.

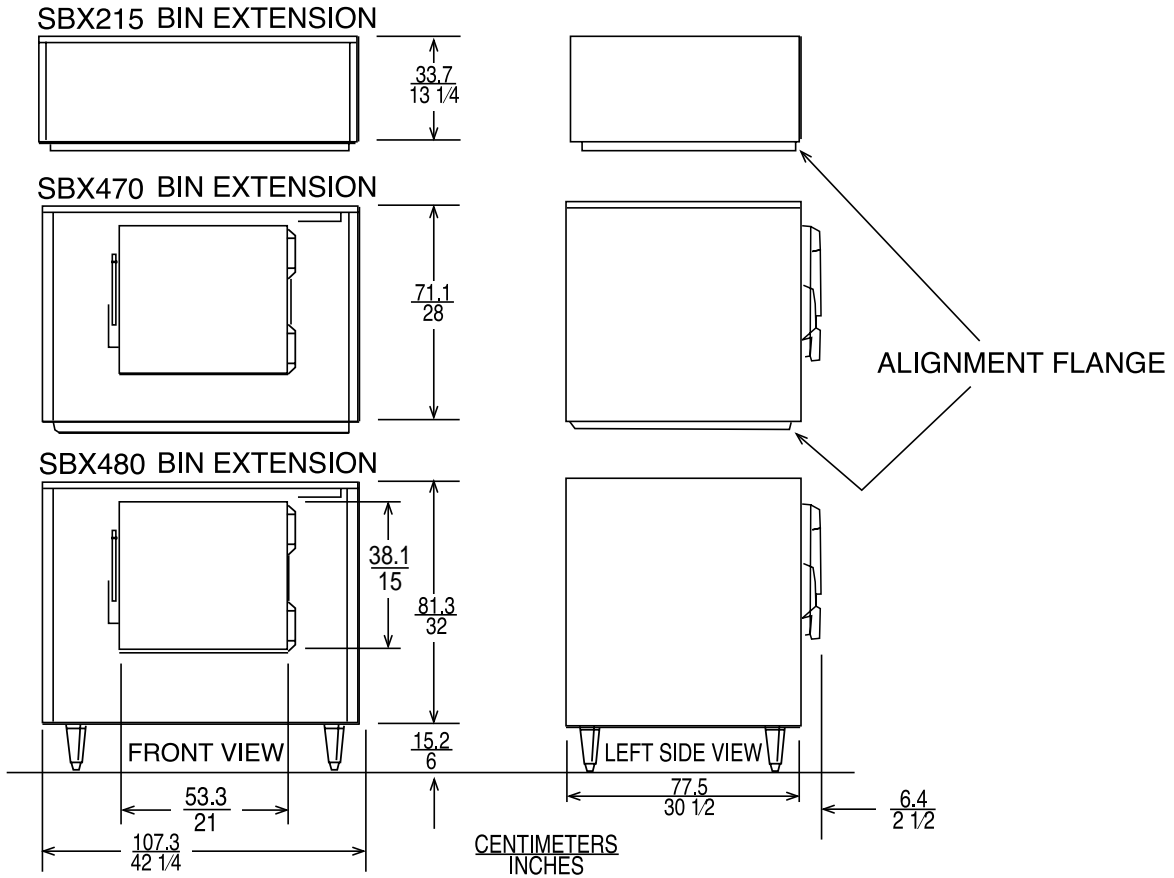

FME2400 on SBX215, SBX470, SB480 Bin

*(SS) Stainless steel cabinet with a stainless steel liner.

ARI storage capacity for bins is based on 80% of total volume in cubic feet x 30 lb./ft.³ average density of ice. Application capacity for bins is based on 90% of total volume in cubic feet x 34 lb./ft.³ average density of ice.

Scotsman's ice machines and bins are not designed for outdoor installations. Scotsman remote condensers are designed for outdoor installations.

Machine requires voltage indicated on rating name plate. Failures caused by improper voltage are not considered factory defects. Extended periods of operation at temperatures exceeding limitations constitutes misuse under the terms of Scotsman Manufacturer's Limited Warranty, resulting in a loss of warranty coverage. Specifications and design are subject to change without notice.
