# HAND MIXERS AND ACCESSORIES

THREE MOTOR SIZES – CHOICE OF TUBE LENGTHS

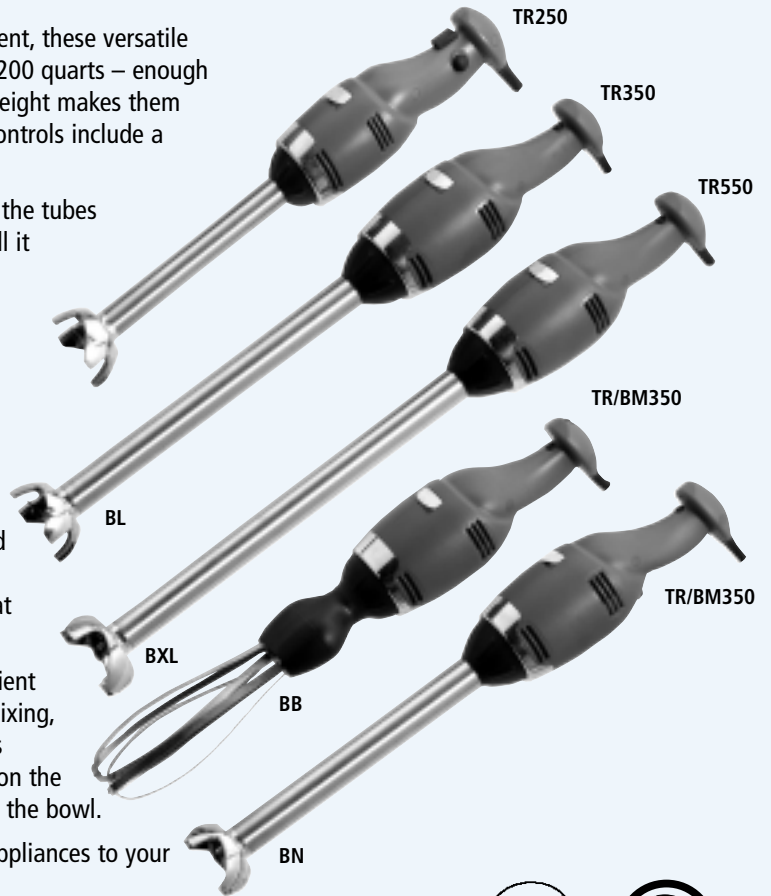

Ergonomically designed and highly efficient, these versatile hand mixers handle batches as large as 200 quarts – enough to cater up to 500 persons! Their light weight makes them easy to handle and operate. One-hand controls include a safety interlock.

No tools are needed to attach or detach the tubes or beater arm. A simple twist or pull is all it takes – and they are a snap to clean.

Choose from three motor sizes. The smallest Model TR250 comes complete with a 10 1/2" immersion tube. Model TR350 accepts 15" and 18" tubes for blending up to 100 quarts. The powerful Model TR550 accepts 15", 18" or 21" tubes and blends 200 quarts. Combo Model TR/BM350 features variable-speed mixing with a beater or 15" and 18" tubes. All feature rugged engineering that ensures years of service.

Motor units are furnished with a convenient wall-mounting bracket. For hands-free mixing, an optional Bowl Clamp is available. This clamp can also be positioned anywhere on the optional Clamp Sliding Frame that spans the bowl.

Add one or more of these outstanding appliances to your operation today!

## WARRANTY

Univex Hand Mixers carry a one-year, carry-in parts and labor warranty against any flaws in materials and workmanship. This period begins with the date of purchase and, provided the unit is used properly in accordance with our instructions, is in full effect for one year from that date. Any work to be performed under this warranty must be performed during the hours of 8:00 a.m. and 5:00 p.m. local time, Monday through Friday. Univex will not pay overtime charges for work performed other than during normal business hours. Damages incurred in transit or from installation error, accident, alteration or misuse are not covered. Transit damages should be reported to the carrier immediately. Univex shall not be liable for any consequential, compensatory, incidental, or special damages. Contact Univex Service Department for any warranty claims.

MOTOR WATTAGE	250 W	350 W	550 W	350 W
SPEED	Constant 14,500 rpm	Constant 14,000 rpm	Constant 15,000 rpm	Variable Tube 1000-11,000 rpm Beater 130-1500 rpm
MIXING CAPACITY	30 quarts (28 ltr)	100 quarts (94 ltr)	200 quarts (189 ltr)	100 quarts (94 ltr)
ACCEPTS IMMERSION TUBES* OR BEATER	Motor with integral 10 1/2" (27 cm) tube only	BN, BL	BN, BL, BXL	BN, BL, BB

\*Excepting TR250, Immersion Tubes and Beater are sold separately and are interchangeable. Beater BB is available only on TR/BM350. BN = 15" (38 cm), BL = 18" (46 cm), BXL = 21" (53 cm).

### ELECTRICAL

120 / 50-60 / 1-phase. Cord supplied. Also available at no additional charge, 220 / 50-60 / 1-phase.

### CONTROLS

**Model TR250** – ON/OFF (locking) and SAFETY buttons must be depressed together to start operation. Mixer stops when ON/OFF is released. **Models TR350 and TR550** – ON/OFF and SAFETY buttons, plus a separate LOCK button to maintain mixer operation. Pressing ON/OFF releases this function. **Model TR/BM350** – Same as TR350, plus variable speed control dial (ranges shown in table above).

### CONSTRUCTION

Red plastic motor housing. Stainless steel and aluminum immersion tubes and beater arm.

### HYGIENE AND MAINTENANCE

No tools are needed to remove or change the immersion tubes or beater, which couple to the motor with a simple twisting motion. (The tube on Model TR250 is not detachable.) All parts wipe easily with soapy detergent. Motor units must not be immersed.

### STANDARD EQUIPMENT

For convenience, each appliance is supplied with a bracket that mounts to the wall and holds the mixer when not in use. Blade removal tool included.

### OPTIONAL ACCESSORIES

**BOWL CLAMP** — Clamps mixer to side of bowl for hands-free mixing. Also mounts on Clamp Sliding Frame.

**CLAMP SLIDING FRAME** — Spans bowl for positioning Bowl Clamp in desired location. (Bowl clamp sold separately.)
