

Camcarriers® For 12" X 20" Food Pans - Model 300MPC401-Blue

Whatever your food transporting need, there's a Camcarrier built for you! These Camcarriers offer superior heat retention plus versatility with four styles. Their thick foam insulation and air-tight latches and gaskets ensure temperature retention for hours, without any external heat source. Durable construction withstands the toughest treatment.

Molded-in mounting plates prevent the stainless steel hardware from pulling out. Handles are molded with the carrier - they won't break off - and act as an interlock for secure stacking during transport and storage. Ten colors make color coding a snap. (150 and 300MPC have six pan supports. 150 MPC holds 1/2 size pans).

300MPC accepts both Camchillers® and ThermoBarriers®.

Product Number	Approx. Capacity	Exterior Dimensions	Interior Dimensions	Fits Camdolly®	Holds 12" x 20" or Fractional Size Pans w/Divider Bars	Case Pack Ea.	Case Lbs. (cube)
