**MODULAR DROP-IN: TOP-MOUNT FABRICATOR WELL**

<b>MODELS:</b> 36368	120V Fabricator Well
36369	208-240V Fabricator Well

*Modular Drop-In: Top Mount Fabricator Well*

**DESCRIPTION**

The modular drop-in is designed for top-mount installation and requires hard-wiring. The drop-in comes complete with a four-foot control cord for remote installation of control.

The beveled edge is designed for easy cleaning.

High-density glass fiber insulation allows use of 1000W elements and meets NSF4 performance standards. High-density glass fiber insulation and internal design allow the hot well drop-in to be installed with zero clearance. Drop-ins can operate wet or dry, however, moist operation is recommended for even heating of the food product.

Stainless steel well is 6-1/2" deep to allow use of full-size and fractional pans up to six inches deep while still providing moist heat. Adaptor bars are recommended when using fractional pans.

**FEATURES**

- Thermostatic control.
- Top is 20-gauge stainless steel, 18-8 Type 304, with approximately 1" overhang on all sides. 19-7/8" x 11-7/8" well opening.
- Deep drawn stainless steel well is 20-gauge 18-8 stainless, 6-1/2" deep.
- Standard 1000W heating element.
- Standard drain is 1/2" stainless fitting welded to pan with brass nipple extending below exterior housing. Drain screen included.
- Unit insulated on sides, ends, and below element assembly with high-density glass fiber insulation.
- Exterior housing is 20-gauge galvanized steel.
- Drop-in is supplied with stainless steel control panel for remote mounting of control.
- Control wires contained in flexible metal conduit.
- Standard mounting tabs provided for sheet metal counters.
- Optional mounting kit for laminate and solid surface countertops. Item No. 36370.
- Full one year parts and labor warranty.

**MODELS:** 36368 120V Fabricator Well  
 36369 208-240V Fabricator Well

### DIMENSIONS

- ❑ Overall Dimension: 15.00" x 23.00" (38.1 cm x 58.4 cm)
- ❑ Cutout Dimensions: 13.75" x 21.75" (34.9 cm x 55.2 cm)
- ❑ Control Panel Cutout Dimensions: 6.375" x 5.875" (16.129 cm x 14.923 cm)
- ❑ Dimensions shown in inches (cm).

### ELECTRICAL SPECIFICATIONS

#### Model 36368

- ❑ 120V, 8.3 Amps
- ❑ 1000 Watts
- ❑ Single phase

#### Model 36369

- ❑ 208-240V, 3.6-4.2 Amps
- ❑ 750-1000 Watts
- ❑ Single phase
