

Who is Waymar Industries?

Since 1972, Waymar has served as a premiere restaurant furniture manufacturer specializing in producing high quality tables, chairs, bar stools, booth seating, cabinetry and other décor items for restaurants.

Waymar is the inventor and original manufacturer of the contour laminate seat, and more recently, the adjustable islander support system which provides exact fit installations. As a single source supplier, Waymar takes customer's specifications and develops them into an entire furniture package and then ships everything together to arrive all at once.

What is Waymar's #1 company goal?

To be recognized within the commercial foodservice industry as the premier supplier of furnishings as demonstrated by continued growth in market share, financial performance, customer loyalty, and employee satisfaction.

Who are Waymar's customers?

Our customers are primarily chain restaurants including Buffalo Wild Wings, PF Changs, Quiznos, IHOP, Tropical Smoothie Café, and Applebees.
