Rosewood and black vinyl exterior available at no extra charge (not available in stainless steel).
(copper aluminum available for GEM-23 at no extra charge)

† Depth does not include 1³/₈" for door handle on swing door models or ³/₈" for door handle on slide door models.

† Depth does not include 1" for rear bumpers on GEM-12.

GEM-12

True's "Low-E" glass is the latest in energy efficient technology - "Low-E" double pane glass reflects UV rays and provides improved insulation resulting in decreased compressor run time, reducing your energy costs.

GEM-72

GEM-47

FEATURES/BENEFITS

- Oversized and balanced, environmentally friendly (134A) refrigeration system, factory sealed and prelubricated for long life. Fast pull-down - holds 33°F to 38°F.
- Exterior - durable and permanent non-peel or chip white laminated vinyl.
- Interior - attractive, NSF approved, white aluminum with 300 series stainless steel floor with convenient clean-out drain.
- Energy efficient, "Low-E", thermal insulated glass.
- Maximum product visibility with glass ends.
- Foamed-in-place polyurethane high density cell insulation (CFC Free).
- Safety shielded fluorescent interior lighting for longer, brighter, shadow-free illumination.
- Integrated door light (IDL) standard on swing door models (excludes GEM-12).
- Adjustable, heavy duty, PVC coated wire shelves - 10 mil thick, pure grade vinyl coating.
- Illuminated, 4-color process sign panel included (except on GEM-12 decal standard).
- Positive seal self-closing doors.
- Available with optional legs or 2¹/₂" diameter castors (GEM-12 available with optional 2¹/₂" castors only).
- Self-contained system, no plumbing required.
- Energy efficient.
- Optional black interiors available. Upcharge and lead times will apply.
- See our website www.truemfg.com for the latest color & sign offerings.
- Bottom mount compressor.

Bottom Mounted Units Have...

- A "no-stoop", lower shelf.
- Allows for top storage.
- Compressor can be serviced easily, and accessed by a single repairman.

Remote cabinets available 14% off list (condensing units supplied by others; system comes standard with 404A expansion valve and requires R404A refrigerant). Consult factory technical service dept. for BTU information.
