Soft Serve Ice Cream/Yogurt Machine

**Compact Soft Serve
Ice Cream/Yogurt Machine
For Medium Volume Operations**

Maximize Your Profits – Combine efficiency with consistent product quality and fast quiet operation to insure customer satisfaction with high profit ice cream products.

Add to Your Product Offering – You can offer products like sundaes, milk shakes, cones and ice cream treats with add-in flavors.

Fast Service – Just pull the spigot handle to dispense the product.

High Volume of Product – Provides up to five 4 oz. Servings per minute. Quick recovery insures availability of product for medium volume operations, even during peak periods. Ideal for restaurants, C-stores, schools, concessionaires and fun centers.

State of the Art Mix Out System – Tamper Proof system alerts the operator with an audio/visual alarm when product in the reservoir is low and needs to be replenished.

Mix Pan Agitator – Unique system designed to maintain the product in the reservoir at a uniform temperature that exceeds even the most stringent standards.

Fast, Easy Clean – SaniServ equipment is design to be easily cleaned and sanitized, with the fewest parts possible for rapid assembly and disassembly.

Invest in Equipment Built to Last – SaniServ Soft Serve machines achieve long and dependable life through simplicity of design, durable steel frame construction, heavy duty components and torque system. Shipped
