Twist Soft Serve Ice Cream/Yogurt Machine

Compact Soft Serve Ice Cream/Yogurt Machine For Low Volume Operations

Maximize Your Profits – Combine efficiency with consistent product quality and fast quiet operation to insure customer satisfaction with high profit ice cream products.

Add to Your Product Offering – You can offer products like sundaes, milk shakes, flurries and cones.

Fast Service – Just pull the spigot handle to dispense the product.

Volume of Product – Provides two 4 oz. servings per minute. Quick recovery insures availability of product for low volume operations.

New Tamper Proof Mix Out System- Solid state, tamper proof mix out system alerts the operator when product in the reservoir is low.

State of the Art Mix Out System – Tamper Proof system alerts the operator when product in the reservoir is low and needs to be replenished.

Mix Pan Agitator – Insures even, safe temperature of product in the mix reservoir.

Fast, Easy Clean – SaniServ equipment is designed to be easily cleaned and sanitized, with the fewest parts possible for rapid assembly and disassembly.

Invest in Equipment Built to Last – SaniServ frozen beverage machines achieve long and dependable life through simplicity of design, durable steel frame construction, heavy duty components and automatic torque controlled consistency system. Shipped standard with stainless steel exterior.

"Reliability from the team that Serves the Best"
